

TMHIN has a plan to start introduction of this product from 2015 onwards.

The Features of the new product are:

1. Sit-On type reach truck
2. Design and product of Sweden
3. AC motor driven (less maintenance)
4. European ergonomics concept

TMHIN CSR initiative

TMHIN has donated an amount of Rs. 200,000 towards relief and rescue effort of flood affected individuals in the state of J&K. All employees were also encouraged to voluntarily contribute a certain amount from their salary for this noble cause. We would like to continue CSR initiative in future also.

TMHIN's First Dealer Appointment

With the aim to expand our presence and reach we have appointed our first channel partner who would be responsible to handle our sales & service activities in the North East territory. We are proud to announce Macro Tech Equipments Pvt. Ltd. as TMHIN's first channel partner based out of Kolkata. The company has over a decade of experience in manufacturing and dealing with various materials handling equipment's. To commemorate the occasion we organized a ceremony inviting Mr. Sanjiban Kundu and Mr. Sudipta Kundu to our HO on the 23-September-2014 where the official dealership certificate and keys to the first stock truck was handed over to them by Ishihara san.

First Raymond installation in the North region:

We have installed a Raymond Order Picker, model- 540-POC - 30TT at the customer site at Bilaspur, Haryana on 06-September-2014. It was installed by Rajappa San, Kunwar San, Rahul San & Narender San
